

NMR ARCHITECTS + ENGINEERS PUTS REDDING ON THE MAP

FOR IMMEDIATE RELEASE: May 3, 2016

Redding, CA: Nichols, Melburg and Rossetto Architects and Engineers (NMR) is honored to be recognized as a top architectural firm in California and the United States. In 2015, NMR was ranked as a “California Top Design Firm” by *Engineering News Record* (ENR) and, recognized as a “Top 300 Architecture Firm” in the United States by *Architectural Record*.

Redding headquartered, NMR placed its hometown on the map by acquiring state and national architectural industry recognition. ENR’s “California Top Design Firm” list annually ranks the largest United States, public and private companies based on design-specific revenue. In 2015, NMR jumped ahead of 9 firms to be listed as number 57. See ENR top ranked firms [here](#).

In addition to NMR’s state recognition, the firm was acknowledged in *Architectural Record’s* 2015 “Top 300 Architectural Firms,” and advanced ahead of 33 firms to be ranked 172nd. According to the [U.S. Census Bureau](#) there are over 20,000 architecture firms in the United States. *Architectural Record’s* rankings place NMR in the **top 1% of architectural firms in the United States**. See Architectural Records ranking [here](#).

As a Redding grown entrepreneurial success story, NMR enjoys providing technical positions in STEM fields to local residents. In order to continue to advance, the firm plans to cultivate future architectural talent. Within the last year, NMR has proudly celebrated the promotion of 4 firm employees from project representative to architect: Quinn Lowry, Melissa Freilich, Hayley Anderson and Sean Shearer. Their success brings NMR’s registered architect count to 28 registered architects.

Now in their 49th year, northern California-based Nichols, Melburg & Rossetto Architects (NMR) is a comprehensive architecture, structural engineering and interior design firm with offices in Redding, Chico and Santa Rosa. NMR is one of the region’s leading firms for education, healthcare, civic, commercial and custom residential projects. For more information about NMR visit, www.nmrdesign.com.
